4. Eligibility Criteria.

- i) The Agency/Firms should have minimum of 5 years of experience in execution of Data & Power cabling works in Banks & Govt. Departments.
- ii) The Vendor/ firm should have experience of working on cross platforms and must have experience of execution of said work for at least three Reputed organisation (list to be attached). Having turnover more than 5 lac during last 3 years.
- i) Purchase order contact details to be submitted as proof.
- ii) The proposals without FDR will be rejected straight away.No interest will be paid on FDR.
- iii) Bidder has to submit the bid earnest money of Rs.50,000/- (Rs. Fifty Thousand) only in the form of FDR/ favouring "The General Manager", HP State Cooperative Bank Ltd payable at Shimla

5. Award Criteria for award of Contract:

The Bank reserve the right to accept or reject any proposal and to annul the solicitation process and reject all proposal at any time prior to award of contract, without thereby incurring any liability to the affected organisations.

The award of the contract to the qualified organisations whose proposals after being evaluated is considered to be most responsive to the needs of the organisations and activity concerned.

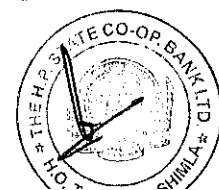

6. Governing Law and Disputes.

Any dispute or differences what so ever arising between the parties which cannot be resolved amicably, shall be referred to arbitration under The HP State Cooperative Societies Act, 1968 to Registrar Cooperative Societies, H.P. and his decision will be binding on both the parties. In case of any dispute, Shimla H.P. shall be the area of jurisdiction.

The bidder be enrolled as "B-Class" nominal member of the bank under HP State Cooperative Societies Act, 1968.

7. Terms and conditions of Data and Power Cabling

1. Period of empanelment shall be for a period of three Years.
2. The vendor/company shall have to execute the work in six districts viz Kinnaur, Shimla, Sirmour, Bilaspur, Mandi and Chamba falling under area of operation of the Bank.
3. The vendor shall send its acceptance in writing to the bank and date of acceptance shall be considered as the effective date of commencement of empanelment and shall end after expiry of period of three years.
4. 80% agreed payment shall be released after successful completion of work duly certified by the Branch Manager Concerned. 20% payment shall be released after 3 months of the execution of said work and final report of B.M concerned to effect that the work has been executed to the satisfaction.
5. The rates offered by the vendor/company shall be valid for three years. The empanelled firm/company shall claim GST in the bill as per actual rates applicable.
6. The vendor shall not assign to anyone the whole or in part its work and complete the same in the time bound manner.

7. The entire activity shall be completed within a period of 15 days from the date of order or the time specified by the bank in the order, if any . Any defect or delay in completing the work shall attract penalty @1000/- per day subject to maximum to Rs.20000.00 for one order.
8. Material used should be strictly in accordance with the specifications mentioned in the annexure 'A' attached. In case, it comes to the notice of the bank that material used is not as per specification, it reserves the right to cancel empanelment outrightly and amount of EMD of empanelled firm/company shall be forfeited besides cancelling the empanelment.
9. The vendors shall complete the work aesthetically and there should not be any loose connections or wire hanging on the counters or wall. All wires should be properly sheathed.
10. The vendor/company shall carry out minor repair work on the approved rates if so required by the bank.
11. The vendor/company shall provide email and list of engineer/technical person with their contact number with the acceptance letter. The company shall also provide one specific contact number and e-mail for making complaints.

BID OPENING AND EVALUATION

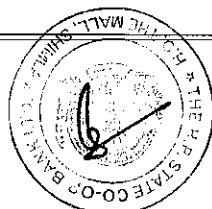

The purchaser will open the bids at EPS Head Office and L-I will be finalized after examining of COMMERCIAL BID received from prospective bidder and evaluation only. The Purchaser reserves the right to accept or reject any bidder without assigning any reason thereof. Decision of the Purchaser in this regard shall be final and binding on the bidders.

Power cabling (Financial bid format)

Bidder shall quote rates as per following format.

Sr.No	Description	Make	Rate
SUB HEAD 1: Computer Points & Distribution			
1	Supply all material, storing, handling, fixing and laying of 2x1.5 Sq. mm. of PVC insulated and fixing of cable on wall with suitable size of clamps /saddles or laid in floor/recess wall including cutting of wall /floor and making good the damages etc for computer points in suitable size of MODULAR box fabricated with MS sheet/PVC including providing MODULAR TYPE 3 nos. 5 amps 3 pin sockets controlled by 1 no 5 A MODULAR switch AND indicator etc complete as required. Note: Only two computer points are to be provided on one circuit	Havells	
2	As per item 1 above but with 2 Nos. 15 A 5-pin socket controlled by 1 no 15 A switch and indicator with wire 2x2.5 mm PVC insulated.	Havells	
3	As per item 1 above for air conditioning points complete with Supply installation testing and commissioning of 3 pin 20/25 A 3 pin metal clad industrial type plug and socket arrangement with plug top, cap and chain controlled by 1 no 32 A SP MCB. Note; Independent circuit for AC point is to be provided starting from distribution system	Havells (With 2x2.5 mm2	
	-do-	Havells with 2x4 mm2	
4	Providing and laying following sizes of PVC insulated copper conductor cable of 1100 V in flexible/ PVC conduit pipe with accessories such as glands bends etc (as per requirement) including making necessary interconnection etc complete as required.	Havells	
	a) 2 X 6Sq. mm with 1 no. suitable insulated earth wire.		

5	Supply, installation testing and commissioning of factory fabricated distribution board rust inhibited powder coated sheet fabricated comprising of incoming and outgoing isolator & MCBs neutral link or neutral bus, top and bottom detachable entry earthing bolts interconnection and grouting bolts etc complete as required as per details below.		
	a) 8way SPN MCBDB Double Door in recessed wall including cutting of wall and making good the damages comprising 1 no 63 A DP Isolator and 6 Nos. 6/10 A MCBS etc complete as required.	Havells	
	b) 12 way SPN MCBDB Double Door comprising 1 no 63 A isolator and 10Nos 6/10 A MCBS	Havells	
6	Supply installation testing and commissioning of:		
	a) 3 pin 20/25 A industrial type plug and socket arrangement with plug top, cap and chain with 1 no 20/25 A SP MCB for UPS.	Havells	
7	Providing and fixing of suitable size MS box fabricated with 16 G MS sheet either in recess wall or on surface to accommodate dedicated earth from earth electrode and further distribution of earth to computer points including providing of 5 mm Bakelite on base connector strip and painting of box etc as required.		
8	Providing and fixing the following switch on suitable size of MS base and angle iron frame of suitable size and strength for installation on wall /floor including grouting of frame & painting etc. complete as required.	3'x2.5' size	
	1 no.2 pole 32 Amps capacity change over switch		
	TOTAL SUB HEAD 2		
	SUB HEAD 3: EARTHING		
1	a) Supply and fix copper plate earth station with 600X600X3mm copper plate including fixing of 8 SWG Copper earth wire in the recess for loop earthing etc. as required and all accessories such as watering pipe and funnel and providing masonry enclosure at top with cover plate i.e. excavation of pit, supplying and filling of salt charcoal, refilling of pit etc complete as required as per IS 3043-1987. The voltage between neutral and earth must be below 1 V.
